Digital Products

Digital files may be printed, shared, and kept for a lifetime! Detailed information about usage is listed under "Digital Files-Purchasing Agreement," below. Print Credits may be used towards digital products.

CD of Low-Resolution Files with watermark*.....\$100
One High-Resolution Digital File** (retouching included).....\$75

Simple Buyout**, \$200

You can buy digital copies of every photo you ordered as a print or product! (Provided without watermarks, for print and online use.) This option only applies to the prints you have purchased to-date upon buyout. Print Credits may *not* be used towards this option.

Ultimate Buyout**, \$900 (minus Print Credit)

Get a disc of ALL the images you viewed in your online gallery! (Provided without watermarks, for print and online use.) If you haven't used your package's print credit, you may use it towards the cost of an Ultimate Buyout.

*This is an inexpensive way for you to share images with family and friends via electronic means. Retouching not included. Printing would result in a low-grade product. **Examples of uses allowed with the purchase of Low-Resolution Files:** Email, Facebook, MySpace, Personal Blogs

No digital file, whether in low or high-resolution form, is to be used for commercial purposes. If you would like one of your files for a commercial use, further options are available upon request. **Examples of uses allowed with the purchase of High-Resolution Files: Email, Facebook, printing via online labs, in-town labs and home printers. Making photo books (ex: Shutterfly, Snapfish). Creating backup copies for yourself or friends.

Examples of photo/file uses NOT allowed:

- Submitting photos to photo contests/magazine articles
- Selling on posters, coffee mugs, t-shirts, etc.
- Selling to a company for use in a brochure, on their website, etc.
- For business or charity use of any kind
- For monetary gain
