Photography for the Small Business

Thank you for considering Photo Kitchen for your next project! Every photo shoot is different, especially for small businesses. The prices listed here are only an estimate. This is why meeting to discuss your photo shoot is necessary. Your first meeting with us is absolutely free! Once we discuss your company's needs, you will receive an official quote. Thank you, we look forward to working with you!

Photography Offerings

Base Day Rate, \$350

For each day Photo Kitchen is taking photographs for your company, a \$350 day rate is applied. Photo Kitchen will estimate the length of time your project may take and will suggest the most efficient way of combining the work to create the best photography for the right price. This base rate will be combined with the other offerings you choose for an estimate of your final price.

Staff Portraits

\$75/final retouched image

Group Staff Portraits

\$300/final retouched image

IMPORTANT:

We will provide a contract and quote for your project stating the agreed upon work, intended usage and cost. This must be signed before the work begins. Any charges outside the quote will be discussed before the work continues. Credit card payment is available through Paypal with a 3% transaction fee applied.

Frequently Asked Questions

What will my cost be?

Well, that depends! Will you need a stylist? Models? Can the work be done in two days or will we need three? During our meeting, we'll discuss your budget, needs and expectations and choose the plan that works best for you.

How do I know I'll be satisfied with the final images?

We are here to help you! Through discussing your project, we will learn what you're looking for in the final images. During your shoot, you'll be able to view the images so we know we're going in the right direction. If you see things you want to change, we'll change them, either on site or through Photoshop when possible. By discussing the look of the images as we go, we'll make sure to get you exactly what you're looking for!
